ZAZA, DEE-DEE & BOBO

It's a boy. Or a girl. Or an it - whatever suits you best. And as a brand new type of vase it's open to suggestions. Will it be haute couture in a flowery dress, seductiveness with roses so red, sheer envy with hauntingly green chrysanthemums or an angry look with thorny branches? Bloom my buddy is the easy type: fun to play with, free to create your wildest dreams and an ideal spokesperson for your moods and grooves. It looks at you as if to say: "Go on, express yourself."
